  <h2>List of Departments</h2>
  <ul>
    <li>Computer Science
      <ul> Computer Science is a branch of engineering that deals with the
study of computers and their
          applications.
          It is a field that combines both computer engineering and computer
science. Computer science is a branch
          of engineering that deals with the study of computers and their
```

```

applications. It is a field that combines
    both computer engineering and computer science.
    Some of the subjects taught in this department are:
    <li>Data Structure</li>
    <li>Web Technology</li>
    <li>Software Engineering</li>
  </ul>
</li>
<li>Electronics and Communication
  <ul>
    Electronics and Communication Engineering is a branch of
engineering that deals with the study of
    electronics and communication. It is a field that combines both
electronics engineering and
    communication engineering.
    Some of the subjects taught in this department are:
    <li>Microprocessor</li>
    <li>Communication System</li>
    <li>Electronics</li>
  </ul>
</li>
<li>Mechanical Engineering
  <ul>
    Mechanical Engineering is a branch of engineering that deals with
the study of mechanical systems.
    It is a field that combines both mechanical engineering and
mechanical engineering.
    Some of the subjects taught in this department are:
    <li>Thermodynamics</li>
    <li>Fluid Mechanics</li>
    <li>Machine Design</li>
  </ul>
<li>Civil Engineering</li>
<ul>
    Civil Engineering is a branch of engineering that deals with the study
of civil systems.
    It is a field that combines both civil engineering and civil
engineering.
    Some of the subjects taught in this department are:
    <li>Structural Analysis</li>
    <li>Fluid Mechanics</li>
    <li>Machine Design</li>
  </ul>

History

Our institute was established in 1990 by Mr. XYZ.

Our Mission

To provide quality education and promote research in various fields.

Out Vision

To be a leading institute in the field of education and research.

List of Departments

- Computer Science
Computer Science is a branch of engineering that deals with the study of computers and their applications. It is a field that combines both computer engineering and computer science. Computer science is a branch of engineering that deals with the study of computers and their applications. It is a field that combines both computer engineering and computer science. Some of the subjects taught in this department are:
 - Data Structure
 - Web Technology
 - Software Engineering
- Electronics and Communication
Electronics and Communication Engineering is a branch of engineering that deals with the study of electronics and communication. It is a field that combines both electronics engineering and communication engineering. Some of the subjects taught in this department are:
 - Microprocessor
 - Communication System
 - Electronics
- Mechanical Engineering
Mechanical Engineering is a branch of engineering that deals with the study of mechanical systems. It is a field that combines both mechanical engineering and mechanical engineering. Some of the subjects taught in this department are:
 - Thermodynamics
 - Fluid Mechanics
 - Machine Design
- Civil Engineering
Civil Engineering is a branch of engineering that deals with the study of civil systems. It is a field that combines both civil engineering and civil engineering. Some of the subjects taught in this department are:
 - Structural Analysis
 - Fluid Mechanics
 - Machine Design
