Experiment 8

Aim

Write an HTML code to demonstrate the usage of external CSS.

Code

index.html

```
<!DOCTYPE html>
<html>
    <head>
        <title>External CSS</title>
        <link rel="stylesheet" href="style.css">
    </head>
    <body>
        <p>I'm implemented with External CSS</p>
    </body>
</html>
```

style.css

```
p {
    text-align:center;
    color:blue;
    font-size:50px;
    font-weight:bold;
}
```
